Hilton Frankfurt Airport and Hilton Garden Inn Frankfurt Airport take up around a quarter of the 1,506,947-sq-ft (140,000-sq-m) Squire, which hosts a business and conference center as well as shops and restaurants.

Hilton Worldwide has opened Hilton Frankfurt Airport and Hilton Garden Inn Frankfurt Airport, both part of the futuristic The Squire complex.

The two hotels are located directly above the ICE Railway Station, and interior designer JOI-Design mirrored the mobility theme featured in The Squire in both hotels while also creating a tranquil oasis. Natural tones throughout the properties aim to provide a relaxing and comfortable atmosphere while details such as golden ceilings above the reception area contribute contemporary style.

Hilton Frankfurt Airport offers 249 guestrooms and suites with soundproof windows, an LCD TV and a work area with ergonomic desk chair. The hotel's two executive floors feature 10 meeting rooms with natural lighting, while F&B outlets include all-day-dining restaurant Rise as well as The Fifth Lounge & Bar.

Hilton Garden Inn Frankfurt Airport offers 334 guestrooms featuring complimentary wireless internet access, a refrigerator and desk with ergonomic chairs designed by Herman Miller. The Restaurant serves buffet and grill specialties and provides a view over the Taunus mountain range.

Both hotels enjoy access to a grand ballroom accommodating up to 570 people.

The two properties take up around a quarter of the 1,506,947-sq-ft (140,000-sq-m) Squire, which hosts a business and conference center as well as shops and restaurants.
